

GLASTON - AN INTRODUCTION

Glaston Compressor Services Ltd is a leading independent distributor of **air compressor solutions** and related equipment to all industries in the UK and internationally. We also design and manufacture bespoke energy saving control systems for multi-compressor installations.

HPC | Compressed Air Systems
Authorised Distributor

Established in 1979, we are a privately owned company with a wealth of experience in the design, supply, installation and servicing of **energy efficient compressed air, nitrogen generators and vacuum and cooling water systems**. We are committed to product and system innovation, responsive to our customers' operational needs and focused on the delivery of outstanding service and value.

Since our inception we have been an authorised distributor of **HPC KAESER air compressors**.

OUR EXPERTISE

Glaston's range of high quality products is matched with service excellence. We offer our customers the very best in design, product and service to ensure energy savings and cost-efficiency across their operations.

Glaston is accredited with the International Quality Assurance Standard ISO9001 and ISO14001 for our business activities. We are also Achilles verified.

For more comprehensive information about any of the products we supply please visit our website.
